

The Depository Trust Company

IMPORTANT

CERTIFICATE DESTRUCTION

B#: 9859-06

DATE: June 19, 2006

TO: All Participants

CATEGORY: Operations

FROM: Joe Clemente

ATTENTION: Officers/Cashiers/Operations Managers

SUBJECT: Destruction of Non-Transferable
Securities Certificates
23rd Cycle

On January 22, 2003, via Important Notice B#3834, DTC announced its plans to implement a new service to allow the depository to destroy certain certificates representing positions in securities for which transfer agent services are no longer available, called "Non-Transferable Securities Certificates." The Destruction of Non-Transferable Securities Certificates Program was introduced to address the costs and risk relating to the increasing percentage of non-transferable physical certificates in the depository's vault, which is now more than 34% of the depository's overall physical inventory.

The depository submitted to the Securities and Exchange Commission Filing No. SR-DTC-2003-09; SEC Filing for Program Regarding Destruction of Non-Transferable Securities Certificates, in which DTC sought the Commission's approval to proceed with the destruction program. The filing was published in the Federal Register in January 2004; it subsequently received generally widespread industry support. The SEC approved the filing on June 28, 2004, and DTC instituted the certificate destruction process.

Attached to this notice is a listing of securities slated for destruction in three months. The certificates representing those securities will be destroyed on or after September 1, 2006. Participants are urged to review this list. Should you have any knowledge or belief that any of the securities should not be destroyed, please contact DTC Operations Manager Richard Merckling at either (212) 855-8362 or via email at rmerckling@dtcc.com.

Participants are reminded that the fee for positions in issues that have been non-transferable for six (6) or more years is \$5 per-position per month. Participants can avoid this fee by PREMing positions in such issues.

Questions regarding this notice should be directed to your relationship manager.

Re.: Endorsement of Paperless Legal Transfers

The Securities Transfer Association (STA) and the Securities Industry Association (SIA), working closely with The Depository Trust Company and other industry members, have been instrumental in the adoption of the Paperless Legals Program, which eliminates the requirements of attaching legal documents (otherwise known as Legal Transfers) to certain securities transactions. Since its implementation in October of 2004, this Program has grown in volume where today over 92% of all incoming legal transfer requests are submitted to DTC through this method.

The Program has brought process efficiencies to both transfer agents and issuers, with the major benefit of improving investor service. Work still needs to be done, however, for participants in the securities industry to realize the full benefits of the Paperless Legal Program.

Additional transfer agents, especially small agents and issuers who act as their own transfer agent must join the Program, with the hope that all agents will participate in the Program in the near future. This "all-in" approach will eliminate any inefficiency brought about by bifurcated processing. Those agents that may have had reservations about the Program in the past should be reassured by both its successful track record, and by the new educational initiatives soon to be launched by the STA and STAMP. These initiatives include an educational website, a certification program for guarantors, and an online connection where guarantors can "Ask the Expert" and get an immediate answer to questions about legal transfers.

Steps must also be taken by all DTC participants to eliminate the inclusion of paper documents on transfer requests. The elimination of these documents will speed processing, eliminate redundancies, reduce rejects, and lower risk and costs.

The SIA Operations Committee and the STA fully endorse the Paperless Legal Program. We urge all industry members to participate in the Program. For more information, please contact Cynthia Jones at cjones@stai.org, Richard Bommer at rbommer@sia.com, or your DTC representative.
