Instructions to Opt-Out of Automatic Reinvestment and receive cash must be entered through DTC's Elective Dividends System, PTS Function EDS. Upon entering the EDS Main Menu participants should select "Dividend Reinvestment Program" and then "Active Elections" for the above CUSIP numbers.

**Note: An asterisk will be displayed next to the CUSIP signifying that DTC has automatically moved participant's position on the close of business record date from the cash dividend to automatic reinvestment.**

Once in the EDS election instruction detail screen, participants will see two matrix boxes: one representing cash elections "CASH (USD) ELECTION QTY", and the second representing "DIV-REINVEST ELECTION QTY". Initially, participants' positions will be reflected in the "DIV-REINVEST ELECTION QTY" matrix box representing that their shareholdings will automatically be reinvested. Participants wishing to Opt-Out for cash must decrease the share quantity reflected in the "DIV-REINVEST ELECTION QTY" matrix box by the share quantity requesting to receive payment in cash.

Upon doing so, participants must complete the transaction by pressing the enter key followed by the PF 3/15 key, Participants will then be required to complete the "Preparer's Information Screen" in order to finalize the transaction by pressing the enter key followed by the PF 1/13.

Participants not responding to the above Opt-Out procedures by **the above listed Cut-off dates before 8:00 p.m. New York City time** will have their Dividend entitlement **Automatically Reinvested.**

Participants with questions regarding the processing of related instructions via EDS may contact DTC's Service Center at (888) 360-3822.
