DTC has been notified by The Bank of New York, the paying agent for the above referenced issue, that PFD144A ZURICH FDG TR has declared a cash payment. This payment is subject to Swiss withholding tax of 35% which will be refunded to those U.S. residents who qualify. A specialized tax reclaim procedure has been put in place for those who qualify for 0% tax withholding.

In general, Swiss withholding tax rules require that a Swiss tax rate of 35% be withheld on distributions from certain Swiss debt issues or issues backed by debt, unless the payee satisfies certain eligibility and documentation requirements to demonstrate that they qualify for an exemption from the 35% tax.

Participants can use DTC's Elective Dividend System (EDS) function via the Participant Terminal System (PTS) to certify all or a portion of their position entitled to the exemption.

Note: THE DEADLINE FOR CERTIFYING OVER EDS IS MARCH 1, 2001.

To qualify for an exemption for this withholding tax (0%), DTC participants must demonstrate directly to The Bank of New York that the beneficial owner qualifies for the benefits of the Swiss Treaty by:

If completed certifications are not provided to The Bank of New York on or prior to March 1, 2001, to support an EDS election, the dividend on your holdings will be paid less the maximum withholding rate.

Holders making incorrect declarations will be responsible for claiming or refunding any withholding tax through The Bank of New York to the Swiss Tax Authorities; Participants will also be liable for any foreign exchange fluctuations impacting the amount of their refund or claim with the Swiss Tax Authorities.

Important: Participants are reminded to read, understand and comply with information in the "Legal Conditions" category of the PTS function TAXI - Switzerland. Also, it is important to note that DTC does require participants to use the EDS system.

Participants who fail to meet the EDS deadline or have other beneficial holders that are not eligible for the EDS process for whom they wish to file a reclaim may use DTC's **TaxReclaim**sm form preparation service, available by using the Tax Reclaim System (TAXR) function over PTS. **TaxReclaim**sm is DTC's proprietary withholding tax form preparation service that calculates reclaim entitlements and prepares the standard tax reclamation form for filing with the foreign taxing authorities or other designated agent. To enroll in **TaxReclaim**sm, please contact your Relationship Manager.
